Nico Global

global luxury missions ...

Nico Decoration

more than interior decoration

The team is providing a collection of Design, Engineering, Project Management, Fitting-out and Construction facility services and after-sales Maintenance service as one of professional public company to our clients in the interior project worldwide.

Nico Display

window display that motivates

Focus on VM and Window Display Industry, we providing one-stop shop services in visual merchandising projects which including design, development, engineering, distribution, implementation, procurement and project management.

Nico Production

do it best in furnishing & style

We owned our furniture factories to produce the luxury brands' furniture, fixture and props globally. It has been the premium service provider for them for over 10 years. With manufacturing facilities and offices located around Hong Kong and China, we continue to advance manufacturing technology and solidify our position as the dominant global market furniture leader for major brands in Fashion, Watch, Jewellery, Comestic and Hotel industries.

Branches and Factories

Nico Global is a Hong Kong based Construction and furniture manufacturing company which is established in year 1999. During 15 years business development, we wholly owned our production plant **Dongguan Chashan Nico Factory** which has over 15,000sqm area and over 200 skillful workers in production from year 2005.

Nico Global Limited

Hong Kong Head Quarter

Business of **NICO GLOBAL Group** is expanding continually. In August 2014, we founded our Indonesia Branch Office **PT Nata Dekorasi Indonesia** to handle all projects in Indonesia.

In fact, we are expanding our business worldwide to serve our clients they need continually.

BOGG
MILANO

The image shows the interior of a BOGG MILANO clothing store. The store is well-lit with warm, yellowish lights. In the background, there are shelves filled with neatly folded clothes in various colors (white, yellow, orange, red, black). To the left, a mannequin is dressed in a dark suit. In the center, a mannequin wears a white polo shirt with a small logo. To the right, there are more racks of clothes, including a dark jacket and a light-colored shirt. In the foreground, there are several stacks of folded clothes in white, yellow, red, and green. A wooden display stand holds a rack of polo shirts in dark blue, white, and red. The overall atmosphere is clean and organized, typical of a high-end retail store.

Nico Decoration is NOT only
doing projects in **Asia Pacific**
but also doing projects in
Europe and America

Our Team

Our project teams are directed by Nico Global principals and led by team leader who follow through all aspects of the design, manufacturing and site management from initial briefings from the client to final handover. In this way no information is lost or comprises by an extended 'chain of command'.

Typically a project team comprises a Principal, Designer, Designer Assistant, Project Coordinators & CAD team members. At the same time, Construction & Manufacturing are supported by administration staffs & factory staffs when required.

Design, Quality and Service-Driven

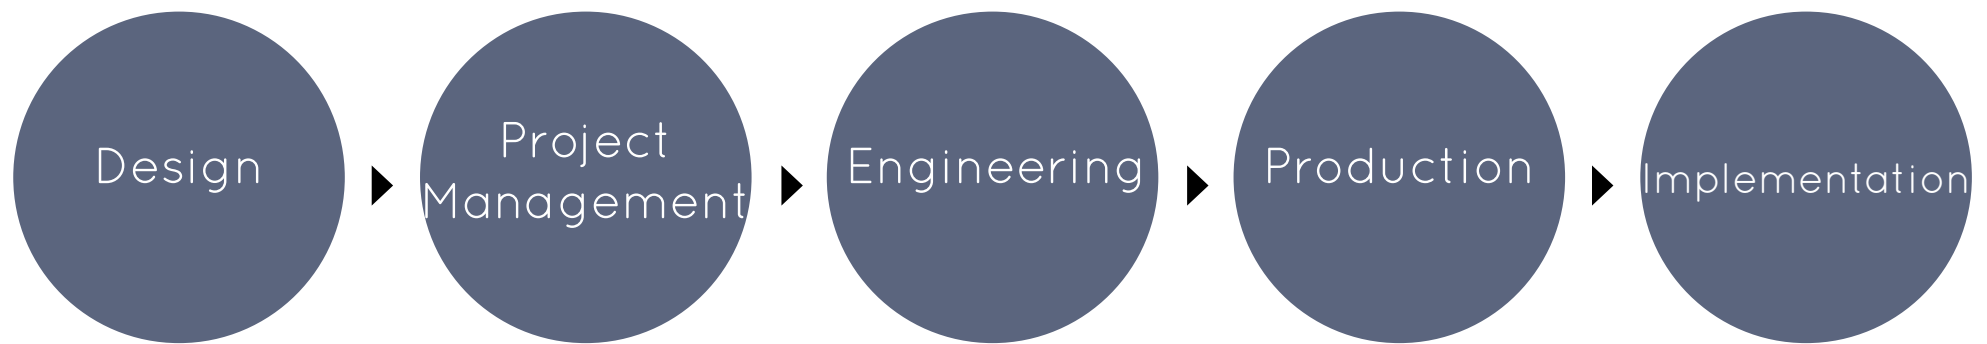

VERSACE JEANS @ PRAGUE CZECH REPUBLIC

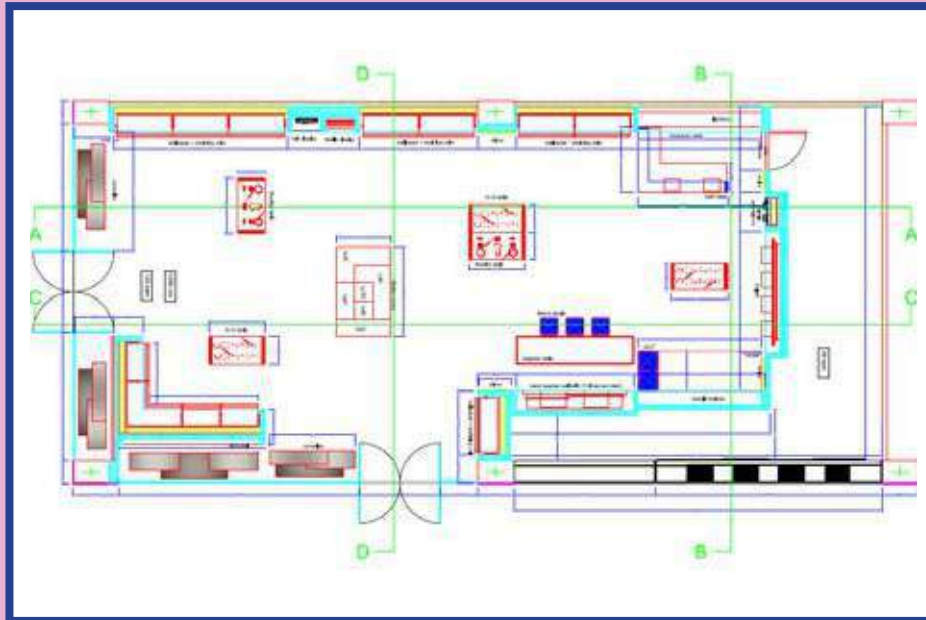

Project Process

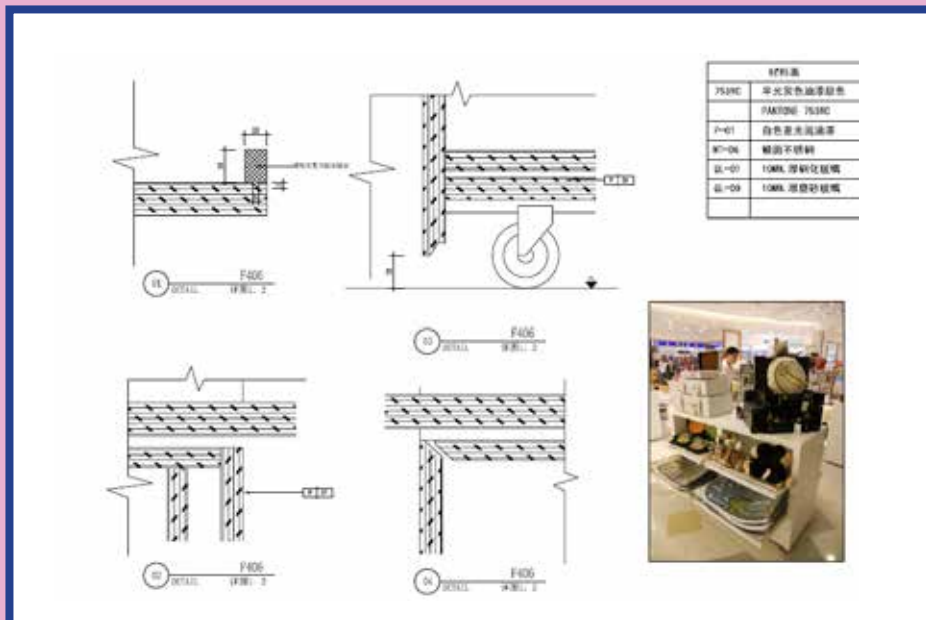

1. Design

Nico Decoration Team worked with different partnership designer in Italy, Japan, China and Hong Kong. Starting from a rough draft or sketch, numerous possible solutions are developed into 2-dimensional designs and submitted to the client. Once having singled out the project, 3D models and video simulations are then created, permitting an overall “virtual” evaluation of expected project.

2. Project Management

Each client is assigned a Project Manager, whose task is to translate specific needs into an operative plan. The Project Manager works alongside the customer throughout the entire project, coordinating all other company functions, schedules, and intervention modalities.

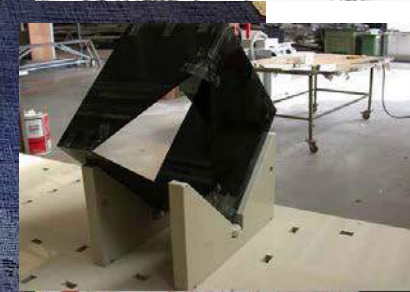

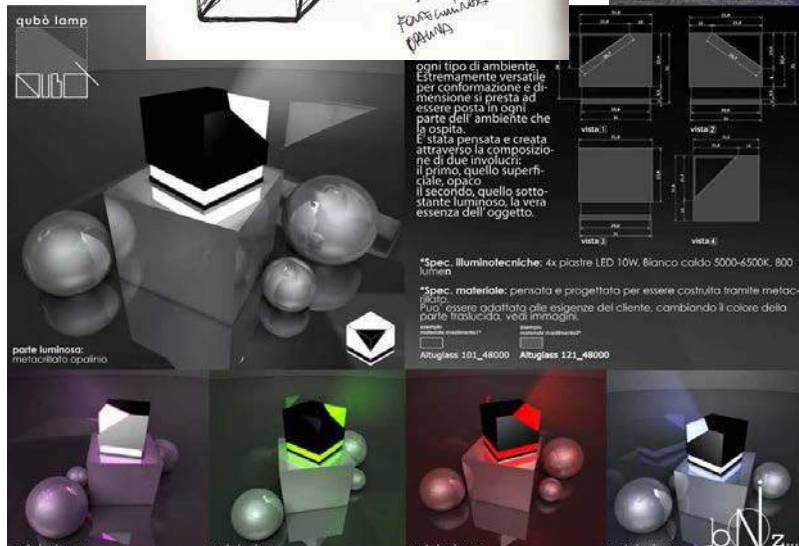

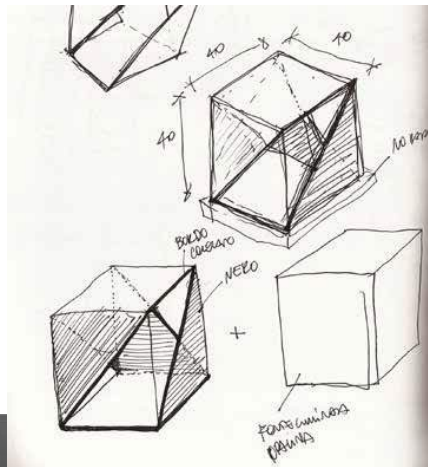

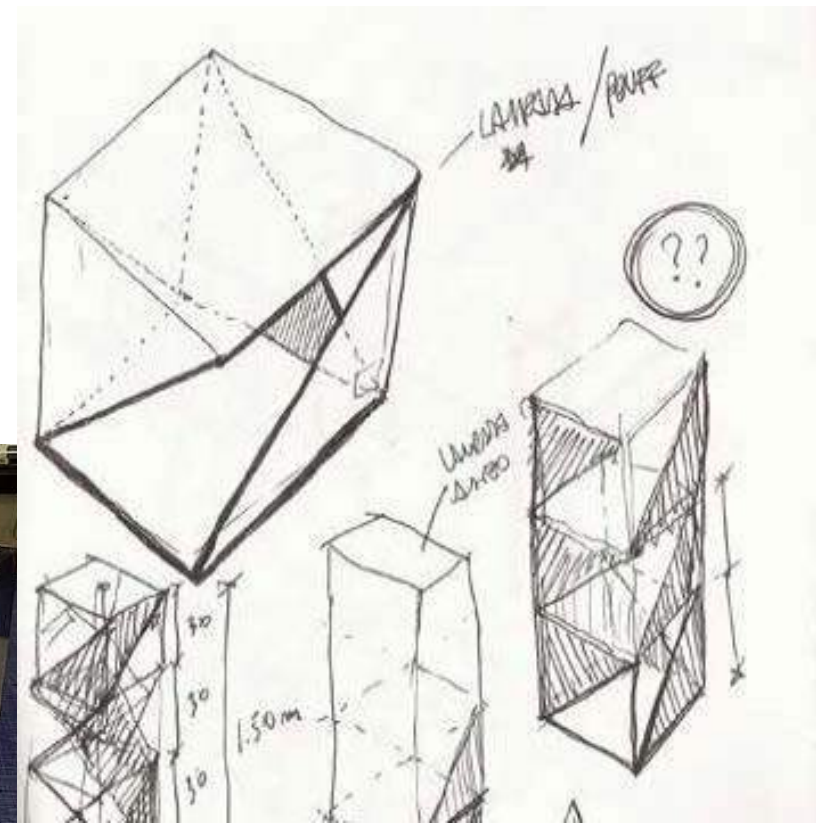

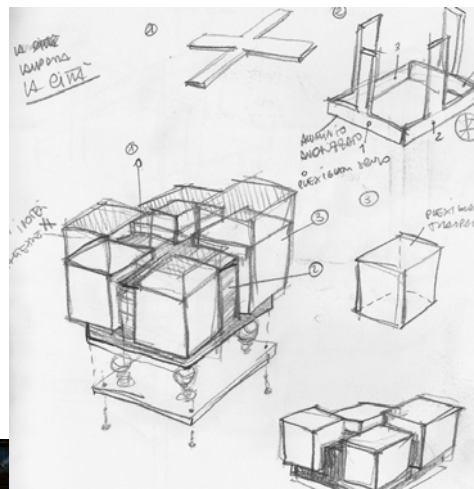

3. Engineering

The engineering phase translates what was esthetically conceived into concrete building terms utilizing state of the art modern engineering techniques and works in cooperation with production divisions to optimize construction and materials solutions, all based on a “problem-solving” logic, in respect to successive stages.

4. Production

Nico Production Team involved one parts of project processes to perform the production in departments: carpentry, metalwork, painting, product assembly, packing and logistic.

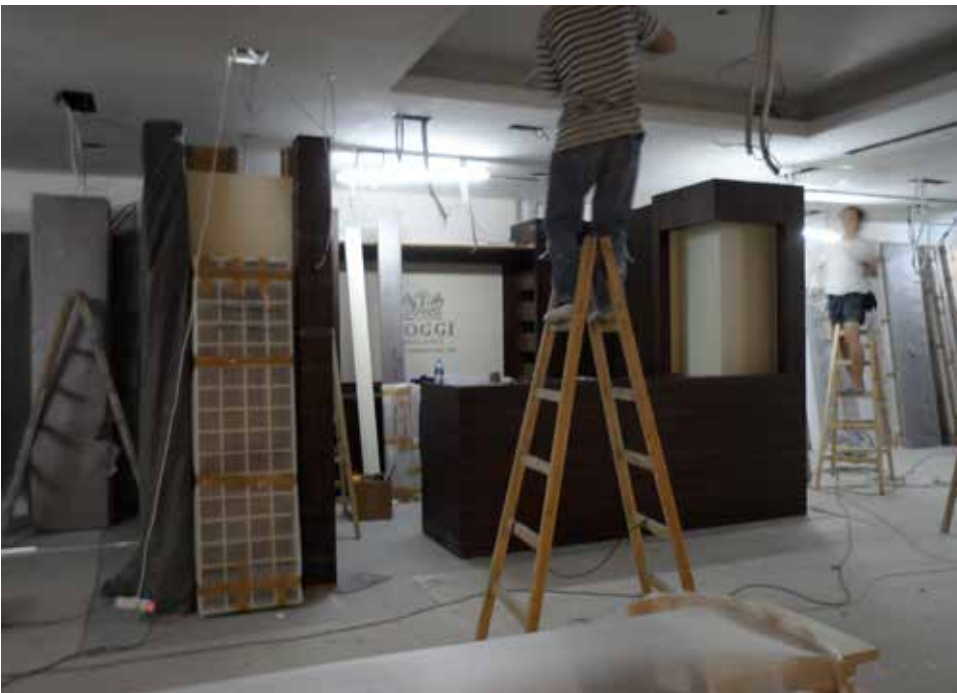

Production Carpentry

Wood fabrication including plywood work, veneer sewing & application, plastic laminating, wood inlay, wood matching, melamine application, etc.

Production Metalwork

Metal fabrication including stainless steel work, aluminum work, bronze work, anodizing work, welding application, construction on-site work, powder coating metal work, emboss, etc.

5. Implementation

In China, Indonesia, Hong Kong and Macau we owned our project team to perform the fitting out, E&M and A/C works. In addition, as we have different worldwide contractor partners, we have capacity to perform the project implementation globally.

One-stop shop services in visual merchandising projects

Props (Design and Production)

Ability to design and manufacture props in different kinds of material such as metal, wood, acrylic, fabric and glass.

Logo, Light Box and Hoarding (Production and Implementation)

Provide one stop advertising services from design to installation. As we own machines such as large scale inkjet printer, computer vinyl, cutting machines, engraving machine and laser cutting machine, we have ability to deliver the tailor project on time in reasonable price.

Event and Decoration (Design, Production and Implementation)

One of our services is exhibition booth design & production. We have our ability to implement in most of Asian Countries. Moreover, for Hong Kong / China clients, we also provide sub-services such as TVC Production, Corporate Video Production, Flash Video Production, Graphic's Design, and Creative Marketing to fulfill your needs on brand building.

Visual Merchandising, Window Display (Consulting and Design)

We provide advice and guidance on how to improve the look of your store. Maximize the layout of retail space to improve customer journey and converting browsers into buyers. We also develop ideas for windows and in-store displays that catch the shoppers attention and attract more visitors.

Procurement Management

We are providing to our clients according to their requirements and make them satisfy toward our services. We are providing exclusive services by our well experienced team and our services are very recognised in the wide area at reasonable range of price.

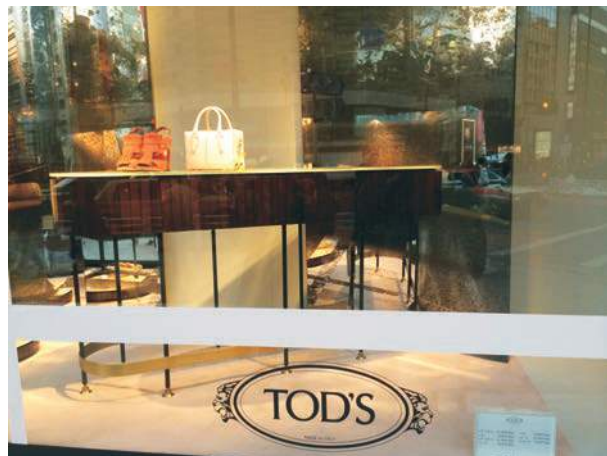

Project Management

Clients achieve certainty of success with our experienced and dedicated project leaders. We manage all aspects of new project development and renovation. We offered services including design and structure drawing, submission for approval and project following to make sure projects achieved.
